

Santa Barbara Boulevard Road Improvement Project

Phase III Progress – from S.E. 8th Street to Gleason Parkway

Updated on: May 2011

Segment A

Limits: S.W. 8th Street to S.W. 12th Street
Status of Construction: New Lanes Open
Start Date: Late 2010 (01/10)
Completion Date: Spring 2010 (05/10)*

% Complete: 99%

Segment A

Limits: S.E. 8th Street to S.E. 12th Street
Status of Construction: New Lanes Open
Start Date: Spring 2010 (05/10)
Completion Date: Fall 2010 (09/10)

% Complete: 99%

Segment B

Limits: S.W. 12th Street to S.W. 19th Street
Status of Construction: In Progress
Start Date: Fall 2010 (10/10)
Completion Date: Spring 2011 (03/11)

% Complete: 100%

Segment B

Limits: S.E. 12th Street to S.E. 19th Street
Status of Construction: Widening Complete
 (Except Trafalgar Parkway Extension)
Start Date: Summer 2008 (07/08)
Completion Date: Late 2008 (11/08)*

% Complete: 100%

Trafalgar Pkwy Extension:

Limits: Trafalgar East & West of Santa Barbara Boulevard
Status: In Progress
Start Date: Winter 2010 (12/10)
Completion Date: Spring 2011 (03/11)

% Complete: 100%

Segment C-I

Limits: S.W. 19th Street to S.W. 22nd Terrace
Status of Construction: New Lanes Open
Start Date: Fall 2009 (09/09)
Completion Date: Late 2009 (12/09)*

% Complete: 100%

Segment C-I

Limits: S.E. 19th Street to S.E. 22nd Terrace
Status of Construction: New Lanes Open
Start Date: Fall 2008 (10/08)
Completion Date: Late 2009 (02/09)*

% Complete: 100%

Segment C-II

Limits: S.W. 22nd Street to S.W. 24th Street
Status of Construction: Widening Complete
Start Date: Summer 2010 (06/10)
Completion Date: Summer 2010 (08/10)*

% Complete: 100%

Segment C-II

Limits: S.E. 22nd Street to S.E. 24th Street
Status of Construction: In Progress
Start Date: Summer 2010 (08/10)
Completion Date: Fall 2010 (12/10)*

% Complete: 100%

Segment E

Limits: S.W. 24th Street to Veterans Parkway
Status of Construction: In Progress
Start Date: Winter 2011 (01/11)
Completion Date: Spring 2011

% Complete: 100%

(Improvements Include: milling and resurfacing, constructing turn lanes and signalization)

Segment E

Limits: S.E. 24th Street to Veterans Parkway
Status of Construction: In Progress
Start Date: Winter 2011 (01/11)
Completion Date: Spring 2011

% Complete: 100%

(Improvements Include: milling and resurfacing, constructing turn lanes and signalization)

Segment D-II

Limits: Veterans Parkway to S.W. 28th Terr.
Status of Construction: Widening Complete
Start Date: Late 2010 (01/10)
Completion Date: Spring 2010 (05/10)*

% Complete: 100%

Segment D-II

Limits: Veterans Parkway to Kamal Parkway
Status of Construction: In Progress
Start Date: Spring 2010 (05/10)
Completion Date: Fall 2010 (12/10)

% Complete: 100%

Segment D-I

Limits: S.W. 28th Terr. to Gleason Parkway
Status of Construction: New Lanes Open
Start Date: Summer 2009 (06/09)
Completion Date: Fall 2009 (10/09)*

% Complete: 100%

Segment D-I

Limits: Kamal Parkway to Gleason Parkway
Status of Construction: New Lanes Open
Start Date: Late 2009 (02/09)
Completion Date: Summer 2009 (06/09)*

% Complete: 100%

Progress Facts:

- Over 36 major electrical transmission lines had to be relocated under traffic in order to accommodate the roadway improvements. This was done with no lost time accidents.
- The current roadway is used by almost 29,000 vehicles per day. When finished, the roadway is designed for up to 48,000 vehicles per day.
- The schedule is subject to change due to weather and unforeseen circumstances.
- Overall anticipated project completion date is Spring 2011 (05/11).

*Schedule at 99% indicates all work complete except minor pavement striping on side streets.
