Public Information

Phone: 239-707-9050

New Traffic Pattern on Santa Barbara Boulevard to Begin Tuesday, August 21st

Cape Coral, August 20, 2007 – Starting on Tuesday, August 21st, motorists should be alert for the new traffic pattern on the west side of Santa Barbara Boulevard from SE 8th Street to just north of Mid Cape Terrace. Travel lanes on the west side of the road will open to traffic, allowing motorists to travel southbound on Santa Barbara Boulevard. New traffic signals at the intersections of SW 8th Street, Lake Kennedy Boulevard and Mid Cape Terrace will provide traffic control through the intersections. Advance warning signs, electronic message boards and barricades will be used to assist motorists traveling through the area. This work is part of the Phase II widening project on Santa Barbara Boulevard between SE 8th Street and Pine Island Road.

While traveling through the work zone, motorists are urged to use caution, obey the posted speed limit of 35 mph, and seek alternative routes whenever possible. Ongoing utility relocation work at times will affect driveways and side streets. Please be advised that unforeseen circumstances such as weather may affect the schedule.

For more information about this project or construction updates, please contact Maricelle Venegas, Public Information Officer, at 239-707-9050 or visit our project website at www.capecoraltransportation.com.
